**ONLINE WORKSHOP ON WOMEN EQUALITY
SENSITISATION**

**Proposal for Women Equality Sensitization Online Program at
Indian Institute of Information Technology Allahabad (India)**

WOMEN EQUALITY SENSITIZATION PROGRAM

Sexual equality or Gender equality is a fundamental human right which is required to achieve peaceful societies with full human potential. It also shows that empowering women leads in enhancing productivity and economic growth. But, unfortunately there is along way towards achieving the full equality(rights and opportunities) between women and men. It is of paramount importance to end the multiple forms of gender violence and secure equal access to quality education and health, economic resources and participation in political life for both women and girls and men and boys. It is also essential to achieve equal opportunities in access to employment and to positions of leadership and decision-making at all levels.

WORKSHOP DESCRIPTION

In view of growing concern in the society over the unequal opportunities and violence against women we want to dedicate and keep ourselves concentrated on the issue in order to help in understanding the value in empowering women. We will be discussing the issues concerning women in general and women in distress in particular. The mode of the workshop will be online.

PROCESS

The methodology of the workshop should consist of a mixture of methods including presentations by experts, small group discussions. The proposed approach should be generally participatory. A mixture of vernacular languages will be used to promote open discussions without language limitations. The strategies will ensure active participation in the openness and willingness to exchange ideas and information throughout the presentations. The presentations can be developed from multiple view points including technical, legal and social.
